About Us

Welcome to Saudi AV Tech, a pioneering force in Unified Communications and Audio-Visual Solutions, with *10 years* of solid expertise in Saudi Arabia

At Saudi AV Tech, we really understand how crucial effective communication and collaboration are in today's rapidly changing business environment.

That's why we take the time to work closely with our customers to provide tailored UC solutions. Our goal is to help businesses connect and collaborate more efficiently, whether they're in the office, working from home, or on the move.

Business Vision

To be the leading provider of Unified Communication solutions in Saudi Arabia, recognized for our commitment to quality, innovation, and customer satisfaction, and valued for our expertise, reliability, and personalized approach to meeting our customers' unique needs.

HUAWEI

Make everyone work smarter

Bring a Smart Working Style to Everyone

The Huawei Digital Meeting Room solution leverages the HUAWEI Idea Hub as its core component to create a fully functional meeting room. The solution combines the functionalities of a display, speaker, microphone, whiteboard, meeting system, and projection. By installing cloud meeting applications or seamlessly integrating with professional video meeting solutions, it provides users with stylish, user-friendly, and highly efficient meeting room experience.

This solution is suitable for various scenarios, including upgrading traditional meeting rooms, establishing new meeting rooms, and deploying in open areas and office spaces to enhance the efficiency of daily meetings, regular sessions, and group discussions.

Technologization | Youthfulness | Interactivity

Education | Business, Government & Lumio

Our industry-leading classroom technology changes how students and teachers engage and encourages truly collaborative learning.

Discover learning solutions that supercharge student engagement, like our cutting-edge interactive displays and educational software. Experience the only display that lets multiple students interact at the same time without interfering with each other's work.

Yealink

Yealink Teams Certified
Desk Phones | Conference Phones

The Yealink MP Series, featuring powerful chipsets, ensures stability and sustainability, optimizing product performance and life cycle. With Android 9.0 OS, the phone offers a responsive and interactive experience. Equipped with a high-res capacitive touch screen and dedicated Teams button, the MP Series provides a rich visual presentation with a Teams-tailored interface for a consistent calling and meeting experience. Leveraging professional hardware and software technology, it delivers crystal-clear voice communications with Yealink Optima HD voice, Noise Proof Technology, and a full-duplex hands-free speakerphone with AEC and HAC handset. The MP Series offers deployment flexibility with various tools from Microsoft, Yealink, and Unify Square, as well as auto-provision, simplifying deployment, administration, upgrades, and maintenance.
